

To whom it may concern,

I am a resident of Chesapeake VA and a regular listener and financial supporter of the radio station KLOVE 90.7 out of Virginia Beach VA. My husband is currently in the Navy and a volunteer EMT for Virginia Beach. KLOVE serves as a gentle loving background in our stressful every day lives, especially when my husband is out to sea. I have know of quite a few military familes, in addition to my own that would be devastated to have the radio station that they rely on for guidance and support to be displaced by an LPFM broadcaster providing other programing. KLOVE provides several services to our community such as Chritian counseling with staff pastors, free advertisement for local Church functions, and a way to listen to comforting uplifting music that is safe for our children without the fear of crude violent and sexual content. Please do not allow this service to disapear from our community or any other community that relies on it.

Sincerely,

Barbara L. Smith
